

# **“Wall People”**

**By Acme/Lingo**

## **INSTALLATION INSTRUCTIONS**

1. Unroll your **“Wall People”** and allow it lay flat overnight.
2. Select your location and wipe the wall with a clean, dry cloth. **DO NOT USE SOAP OR ANY HOUSEHOLD CLEANING AGENTS.** Surface must be completely dry before application.
3. Use blue painters tape to position the graphic in its final location. Do not position tape on the uppermost 6” of the graphic.
4. Peel back the uppermost 6” of the graphic backing, and cut the backing off with a pair of scissors.
5. Stick the graphic to the wall, starting in the center and working towards the edges to help avoid air bubbles.
6. Once top is secured, slowly peel away the remaining backing and stick to wall. Again, work from the center out! If graphic is large, peel back sections and cut them off with scissors before applying to wall.
7. Once graphic is applied, work any air bubbles toward edges with your hand. If they won't move, pop them with a straight pin and press down graphic.
8. Finally, firmly run your finger around entire edge of graphic to seal edges.
